

Rector of Gdynia Maritime University

Prof. Janusz Zarębski (dr hab. inż.)

Prof. Janusz Zarębski is an expert in the science of electronics, who has been involved in the works of Gdynia Maritime University for more than 30 years. He obtained the degree of Doctor in technical sciences (D.Sc.) in 1987 on the resolution of the Council of the Faculty of Electronics of Gdansk University of Technology. In 1997 the Scientific Council of the Institute of Electron Technology in Warsaw granted him the degree of Doctor with “habilitation” (the next, higher level title of doctor in the Polish system of education) also in the science of electronics. In 2008 he was granted the title of Professor in technical sciences.

After graduating from the studies Prof. Janusz Zarębski started work in the Institute of Marine Radio Electronics in the Maritime Academy in Gdynia (at present: Gdynia Maritime University) in the position of Assistant, and since 2008 he has been employed in the position of Professor in GMU. In the years 1997-2005 he was the Head of the Chair of Marine Radio Electronics, and since 2005 he has been the Head of the Department of Marine Electronics. In the years 2012 - 2016 he was the Dean of the Faculty of Marine Electrical Engineering.

His scientific interests focus on modelling, analysis and measurements of properties of semiconductor tools and electronic sets, in particular with thermal phenomena taken into account. He is the author or co-author of more than 450 published works, including several dozens of works that appeared in the journals of the jcr list,

two scientific monographs and nine patents. He has promoted four doctors and at present assists three attendees of doctoral studies. He supervised the realisation of scientific research works of KBN (State Committee for scientific Research), MNiSW (Ministry of Science and Education) and NCN (National Science Centre). Professor Janusz Zarębski was a reviewer of 15 in total registrations and conferment procedures for a doctoral degree, for a doctor degree with “habilitation” and procedures to grant the title of professor. Apart from that, he reviewed numerous books, course books and scientific papers. Furthermore, he is a member of scientific committees of journals and of conferences on the national and international level. In recognition of his original scientific achievements he was granted the Rector Award more than 20 times and he obtained twice the Ministry Award. Professor Janusz Zarębski was also honoured with the following distinctions: Srebrny Krzyż Zasługi (Silver Cross of Merit), Medal Komisji Edukacji Narodowej (Medal of the National Education Commission) and Odznaka Zasłużony Pracownik Morza (Distinction for the Dedicated Sea Worker). He is a member (of his own choice) of Komitet Elektroniki i Telekomunikacji PAN (Electronics and Telecommunications Committee of the Polish Academy of Sciences) and IEEE (Institute of Electrical and Electronics Engineers - Senior Member). Additionally, he represented GMU in the team of experts for the Marshal for the Pomorskie Voivodeship, who reviewed applications for doctoral grants within the programme “Inno-Doktorant”.
